

## **REMARKS**

This application has been reviewed in light of the non-final Office Action mailed on October 27, 2008. Claims 2-10 and 13-20 are pending in the application with Claims 2 and 5 being in independent form. By the present Amendment, Claim 1 has been canceled and Claims 2, 3, 8, 13-15 and 17-20 have been amended.

Applicants gratefully acknowledge the allowance of Claims 2-7 if rewritten in independent form and including all of the limitations of the base claim and any intervening claims. By the present Amendment, Claim 2 has been rewritten in independent form and including all of the limitations of the base claim and any intervening claims. Accordingly, independent Claim 2 and its corresponding dependent claims are now in condition for allowance.

In the non-final Office Action, Claims 3 and 14 are objected to. Claims 3 and 14 have been amended in a manner which is believed to obviate the objections. Accordingly, withdrawal of the objections is respectfully requested.

Claims 1, 8 and 13-20 are rejected under 35 U.S.C. §103(a) as being unpatentable over WIND-FLEX white paper, May 20, 2002 and in view of U.S. Patent No. 6,005,893 issued to Hyll (Hyll). Claim 1 has been canceled and Claim 2 which the Examiner stated contains allowable subject matter has been rewritten to include the limitations of the base claim and any intervening claims. Claims 8 and 13-20 depend from independent Claim 2, and therefore, due to the patentability of Claim 2, dependent Claims 8 and 13-20 are also patentable. Accordingly, withdrawal of the rejection with respect to Claims 8 and 13-20 is respectfully requested.

In view of the foregoing remarks, it is respectfully submitted that all claims presently pending in the application, namely, Claims 2-10 and 13-20, are believed to be in condition for allowance.

If the Examiner should have any questions concerning this communication or feels that an interview would be helpful, the Examiner is requested to call the undersigned.

Respectfully submitted,

Kevin C. Ecker, Esq.
